

The website for the Exton PC Council (EPCC) is located at <http://extonpccouncil.org> I would suggest for all members to take a look at the site, get familiar with moving around and see if you have any suggestions to improve the site. I used Dreamweaver 8 for this site with IE7.

On the main page you will notice the navigation buttons, or links, that allow you to move easily through the site. Take a look at the options that you can use, try out as many as you want. Remember this is your member site so it is for you to use and just by clicking on the links you will not hurt anything so don't be shy give it a try. The left side of the web pages on the site contains the main navigation items (menu) broken down as below:

Main Site:

Home –	The main page
About Us –	General information about EPCC
First Monthly Meeting –	For detailed information about the meeting's subject matter
Second Monthly	
Yearly Schedule –	Gives the topic for the meeting by date if there isn't any information that is because the topic is not selected, we use member input for this
Members Page –	Page used to show member activity and projects
Past Presentations –	Listing past presentation, Do you use this? Should this be kept?
Current Newsletter –	Lets you read the newsletter
Chester County Library –	Link to the library's main page

EPCC Help/Facts:

EPCC Yahoo Group –	Link to the Yahoo group of EPCC
Newsletter Archive -	The past newsletters, for one year
Directors and Staff -	Who helps run our club
Membership Information –	General information on how to be a member
Disclaimer -	We are not responsible for the nasty stuff

-
-  Set as Homepage – If you want to see this as your home page, need suggestions to make this one you want as a home page
 -  Bookmark Us – To save in your favorites
 -  Google search – Link to Google
 -  **News Room** – Contains links to articles and videos of computer interest
 -  Print Page – Print the current page

One of things I like is the newsroom where you will find articles of interest about the computer industry and more, this is reached by clicking on Newsroom at the bottom left of the screen on all pages of the site. I try to keep new up to date articles here and get rid of the old. If there is a subject you are interested in make the suggestion and we will put the article there for you. How can you make a suggestion? Easy either by sending an email suggestion to [http://webmaster@extonpccouncil.org](mailto:webmaster@extonpccouncil.org), from the website pick About Us and click on the link for webmaster or tell a board member at a meeting.

If you have a newsletter article to submit, big or small, send as an attachment to the newsletter editor at: jcharlebois2001@yahoo.com

Any questions you have can be directed to all the directors and members at the Yahoo group or send individual emails to Directors and Staff by going to that page of the site and clicking on their email address.

I really do want suggestions for the site, additional, deletions, adding pages or pictures.
